

1. POLICY NAME: ENGLISH AS A PREREQUISITE

2. POLICY CATEGORY: POLICIES AND PROCEDURES – UNDERGRADUATE STUDENTS

3. POLICY STATEMENT:

University-level competency in English is instrumental in student success at AUD. Where ENGL 101/102 are indicated as specific prerequisites to a course, the prerequisites will be rigorously enforced. Furthermore, even if not stated as a prerequisite, students are advised not to register for a 300 or 400 level course without completing ENGL 102. It is likewise advisable that students complete ENGL 101 prior to registering for 200 level courses unless it is recommended that the course be taken concurrently with ENGL 101. The completion of ENGL 101/102, required by all academic programs, will help students complete program-specific course work successfully. Students should consult their academic advisor if they have any questions.
