AMERICAN UNIVERSITY IN DUBAI
WHERE POTENTIAL IS TURNED INTO SUCCESS
Message from
THE PRESIDENT

Welcome to The American University in Dubai. This view book contains information: facts regarding AUD’s accreditation, the degree programs we offer, student services beyond classroom instruction, facilities and people – students, faculty and staff – who make up the AUD Community.

The thread that links them all is AUD’s genuine American ethos, expressed nonetheless with consummate respect for its local setting. The maintenance of high academic standards; an emphasis on innovative and critical thinking; the cultivation of curiosity and a spirit of inquiry; and the identification of the “whole person” as the target for human and cultural development are those factors which truly distinguish an American education.

It is significant that these are precisely the values which underpin the university’s identity. Furthermore, they account for the success of our graduates at home and abroad, a success that figures prominently in the university’s contribution to society.

AUD is truly a place that brings out the best in its constituents by reminding them of their potential, calling for a demonstration of capability and rewarding achievement.

I hope you find this journey through the world of AUD both informative and rewarding. It is an honor to welcome you to the AUD Community.

Dr. David A. Schmidt
